

# FAIR TRADE COFFEE & COCOA SALE

Many Fair Trade products including coffee, cocoa, chocolate and organic cranberries will be available for sale during Fellowship Hour and for several weeks until Christmas. Perfect for gift-giving or personal use, these products also represent the possibility of a better life for coffee, cocoa and sugar growers in numerous communities. Through the Presbyterian Coffee Project, churches purchase small cases from an employee-owned fair trade company called Equal Exchange. Founded in 1986 to create a new approach to trade, Equal Exchange is committed to the following principles:

to pay a fair price

to work with cooperatives

to buy directly from the farmers

to provide credit

to encourage ecologically sustainable farming practices

With your support, communities from which these coffees, cocoa and sugar are purchased are able to invest in education, health care and agricultural improvements.

And, they are all delicious!
